TV LISTINGS DATA

DSI now offers TV listings data services for interactive programming guides. We provide accurate, up-to-the-minute listings in a variety of standardized XML and text-based formats, as well as custom-built data solutions. Specify the number of days in advance you'd like your data to be delivered, and we will post it to your server or host it for you. As part of our commitment to offering our customers excellent value and service, we accommodate your needs in regards to custom or local origination channels at no additional charge.

HOW IT WORKS

①

Provide us with a list of the channels you carry and tell us how your data should be formatted.

②

We'll collect and tailor data to fit the format you specify, then upload it to our servers for you to use.

③

Let your middleware know where to find your data.

④

Distribute data to your subscribers' set-top boxes.

VALUE - There's no need to sacrifice cost-effectiveness for the sake of quality. Our data services offer you industry-leading value at a fraction of what our larger competitors charge. Our channel list is constantly updated to ensure that it's both accurate and comprehensive. As part of our commitment to providing listings that meet these criteria, we provide local and specialty channel listings at no additional cost.

ACCURACY - Our data is subject to rigorous proofreading and accuracy checks to ensure compliance with all industry standards. All data is checked to ensure it is correctly formatted for your needs.

RELIABILITY - We're dedicated to providing our data customers with the same generous terms enjoyed by users of our LineUp EPG and video messaging software: free over-the-phone technical support for as long as you use the product.

TIMELINESS - We offer up to two weeks of data in advance for all channels in the format of your choice.

DID YOU KNOW?

Every day, our listings data helps keep millions of viewers informed and satisfied with up-to-date TV listings information. We provide cost-effective solutions, a variety of flexible payment options, and free technical support for all our products and services.

CUSTOMER SATISFACTION

"We were a customer with a competitor for 3 years before we found DSI. They provided better guide data for 60% less money. The staff are always responsive and helpful. We highly recommend DSI."
